

Back-up alarms

Federal Signal **back-up alarms** are dependable, affordable alarms ideal for use on utility, construction and other specialty vehicles. Each of the models features a glass reinforced nylon housing for long-lasting durability that can be steam cleaned.

The **EVACUATOR (Plus)** models are available with dual- or single-function feature. The dual-function feature allow users to choose from a 'pulse' tone, which is intermittent signal used for back-up warning, or a 'constant-on' tone, which is a solid signal that can be used to signal motion such as a truck-platform lifting or moving outriggers. Single-function models only have the 'pulse' tone.

252

This small device can alert the other vehicles in the reversing maneuver, intermittent beeping.
