

VERSATILE & ADAPTABLE

Federal Signal Vama LED Signs have been specifically developed to meet the demands of undercover vehicles, patrol cars, etc ...

Our LED Signs are available in different sizes - from the small **CL-200** for motorcycles to the big foldable **CL-800** and **CL-900** Signs; they meet all market demands with the range of fixed and/or programmable types.

PROGRAMMABLE LED SIGNS:

CL-700 HIGHEST PERFORMANCE, PROGRAMMABLE IN-FIELD BY THE CUSTOMER

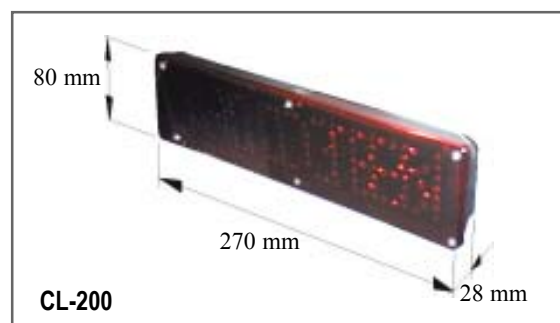

This programmable LED Sign offers up to 15 messages, of which 12 messages are programmed during the manufacturing process (according to each customer requirements) and 3 additional messages can be programmed by the customer in the field, by means of the programming terminal: the TP-700.

FIX-MESSAGE LED SIGNS:

CL-200 - MOTORBIKE SIGN
SMALL IN SIZE, GREAT WARNING EFFECT

This Sign has been specially developed for its use on motorbikes. It is installed on the rear side of the bike and displays only one message, with one or two words - for example: 'STOP POLICE'.

LED SIGNS

CL-800 & CL-900: FOLDABLES SIGNS EFFICIENT AND USER-FRIENDLY

The CL-800 sign displays one or two fixed messages that appear alternatively.
Dimensions: 410 x 165 x 155mm.

CL-900 -FOLDABLE SING

Similar to the CL-800 is the CL-900, big LED Sign shows one or two fixed messages, that also appear alternatively. The difference is in the size and that there are more characters per line.
Dimensions: 470 x 165 x 155mm.

TP-700 PROGRAMMING TERMINAL

This programming terminal is used with the CL-700 LED Sign.

But it is only required in case the customer wishes to program the 3 other available messages.

One single terminal can be used for programming more than one CL-700 Sign.
